- (b) Unless expressly accepted in writing by ULA, and incorporated into this Contract, additional or differing terms or conditions proposed by CONTRACTOR or included in CONTRACTOR's acknowledgment are objected to by ULA and have no effect.
- (c) This Contract integrates, merges, and supersedes any prior offers, negotiations, proposals, term sheets, and agreements concerning the subject matter hereof and constitutes the entire agreement between the parties.
- (d) Each clause, paragraph and subparagraph of this Contract is severable, and if one or more of them are declared invalid or unlawful, the remaining provisions of this Contract will remain in full force and effect.
- (e) The headings and tables used in this Contract are inserted for the convenience of the parties and shall not define or limit the scope or intent of the provisions of this Contract.
- (f) The provisions of this Contract, including all exhibits and attachments, shall be binding upon and inure to the benefit of the parties and their respective successors and any permitted assignees

2. GOVERNING LAW AND LEGAL NOTIFICATION

- (a) This Contract, and any Dispute shall be governed in accordance with the laws of the State of Colorado, excluding that State's conflicts of law provisions. Any lawsuit filed regarding this Contract shall be filed in either the Colorado District Court located in Arapahoe County, Colorado or the United States District Court located in Denver, Colorado. The United Nations Convention on Contracts for the International Sale of Goods shall not apply to this Contract.
- (b) CONTRACTOR agrees to provide ULA with prompt written notification of any legal action, subpoena, claim, notice, demand or other legal proceeding brought against CONTRACTOR relating to or arising out of the Work performed under this Contract.

3. ASSIGNMENT

CONTRACTOR shall not assign any of its rights or interest in this Contract or subcontract all or substantially all of its performance of this Contract without ULA's prior written consent, which shall not be unreasonably withheld. Notwithstanding the foregoing, CONTRACTOR may assign its rights or interests in this Contract to an entity that purchases all or substantially all of the assets of CONTRACTOR without obtaining prior consent, provided that CONTRACTOR provides ULA with notice of the assignment. No assignment by CONTRACTOR will in any way operate to enlarge, alter, or change any obligation of ULA under this Contract.

CONTRACTOR may assign rights to be paid amounts due, or to become due, to a financing institution if ULA is promptly furnished a signed copy of such assignment reasonably in advance of the due date for payment of any such amounts. Amounts assigned shall be subject to setoff or recoupment for any present or future claims of ULA against CONTRACTOR. ULA shall have the right to make settlements and/or adjustments in price without notice to any assignee financing institution.

Any permitted assignment under this provision shall not act to release CONTRACTOR from its obligations under this Contract.

4. BANKRUPTCY

In the event the CONTRACTOR enters into proceedings relating to bankruptcy, whether voluntary or involuntary, the CONTRACTOR agrees to furnish written notification of the bankruptcy to the Procurement Representative. This notification shall be furnished within five (5) days of the initiation of the proceedings relating to bankruptcy filing. This notification shall include the date on which the bankruptcy petition was filed, the identity of the court in which the bankruptcy petition was filed, the case number, and a listing of all Contracts with ULA. This obligation remains in effect until final payment under this Contract.

5. CHANGES

(a) Only the ULA Procurement Representative has the authority to make changes to this Contract. All changes must be in writing. All contractual notices to be furnished to CONTRACTOR by ULA shall be in writing and delivered to the ULA Procurement Representative.

(b) Within the general scope of this Contract, the Procurement Representative may at any time, by written notice, and without notice to sureties or assignees, make changes within the general scope of this Contract, in any one or more of the following:

- (1) Drawings, designs, processes, or specifications
- (2) Description of services
- (3) Inspection, delivery, or acceptance methods and/or schedules; and
- (4) Work schedules or time of performance (i.e., hours of the day, days of the week, etc.)
- (5) Terms and conditions of this Contract required to meet ULA's obligations to its customers

CONTRACTOR must request any equitable adjustment to schedule or cost under this clause within thirty (30) days from the date of receipt of the written change order from ULA. A request for an equitable adjustment to cost under this clause must only request actual, allowable, reasonable, allocable and substantiated costs. If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of this Contract, and subject to the CONTRACTOR's timely request for an equitable adjustment and the request and supporting documentation containing sufficient detail to the satisfaction of ULA, ULA shall make an equitable adjustment in the Contract price and/or delivery schedule, and modify this Contract accordingly. Changes to the delivery schedule or time of performance will be subject to a price adjustment only. If the CONTRACTOR's proposed equitable adjustment includes the cost of property made obsolete or excess by the change, ULA shall have the right to prescribe the manner of disposition of the property.

(c) ULA may require additional contract scope to meet ULA's Customer contract requirements. CONTRACTOR agrees to negotiate in good faith any additional scope necessary to meet ULA Customer contract objectives.

(d) Any other changes not specifically identified in (b) and (c) shall be mutually agreed to and executed by the parties.

(e) Prior to the issuance of a change order under this Contract, ULA may solicit from the CONTRACTOR written agreement as to the maximum (in the case of an increase) or minimum (in the case of a decrease) adjustment to be made in the price and/or in the schedule (or time of performance), by reason of the change. ULA may also solicit such agreement on limitations on the adjustments to any other provisions of the Contract which may be subject to equitable adjustment by reason of the

change. The CONTRACTOR shall promptly submit a "not-to-exceed" (or "no-less-than") amount or maximum (or minimum) schedule adjustment when so requested by ULA. Any such written agreement shall then be cited in the change order and upon its issuance shall be deemed to become part of the Contract. In no event shall the definitive equitable adjustment exceed the maximum (or be less than the minimum) price and/or delivery schedule (or time of performance) adjustments so established, nor otherwise be inconsistent with other adjustment limitations so established. Except with respect to such limitations, nothing contained herein shall affect the right of the Parties to an equitable adjustment by reason of the change, pursuant to this clause.

(f) ULA engineering and technical personnel may from time to time render assistance or give technical advice or discuss or effect an exchange of information with CONTRACTOR's personnel concerning the Work hereunder. Such actions shall not be deemed to be a change under the "Changes" clause of this Contract and shall not be the basis for a claim. No reimbursement shall be made for any extra work or material unless the same has been ordered in writing by the authorized ULA Procurement Representative.

(g) Unless expressly stipulated elsewhere in the Contract as being excepted from this provision, wherever the Contract provides for submittal of designs, components, processes, or other items for review or approval by ULA, such reviews or approvals shall not be construed as a complete check as to the adequacy of said design or item, nor as an agreement that the design or items will meet the requirements of the Statement of Work, nor as any change to the requirements of the Statement of Work. Such reviews and approvals shall in no way relieve the CONTRACTOR of the responsibility for any error or deficiency which may exist in the submitted design or other items, as the CONTRACTOR shall be responsible for meeting all the requirements of the contract.

(h) Failure to agree to any adjustment shall be a dispute under the Disputes clause. However, nothing in this clause, including a "Dispute," shall excuse the CONTRACTOR from proceeding with this Contract as changed.

(i) Minor Changes in the Work. When specifically stated in the Contract, the ULA Procurement Representative will have authority to order minor changes in the Work without adjustment in the Contract Price or extension of the Contract Construction Schedule. The threshold, if any, for no cost changes will be referenced in the Contract. Such changes shall be effected by written order and shall be binding on ULA and CONTRACTOR. CONTRACTOR shall carry out such written orders promptly.

6. DISPUTES

(a) WORK CONTINUANCE AND PAYMENT. Unless otherwise agreed in writing, CONTRACTOR shall continue the Work and maintain the approved schedules during any dispute mitigation or resolution proceedings. If CONTRACTOR continues to perform, ULA shall continue to make payments in accordance with the Contract.

(b) DIRECT DISCUSSIONS. If the Parties cannot reach resolution on a matter relating to or arising out of the Contract, the Parties shall endeavor to reach resolution through good faith direct discussions between the Parties' representatives, who shall possess the necessary authority to resolve such matter and who will record the date of first discussions. If the dispute remains unresolved within a reasonable time from the date of first discussion, the Parties may submit such matter to the dispute resolution procedures described below.

(c) MEDIATION. If direct discussions pursuant to Paragraph (b) do not result in resolution of the matter, the Parties shall endeavor to resolve the matter by mediation through the current Construction Industry Mediation Rules of the American Arbitration Association, or the Parties may mutually agree to select another set of mediation rules. The administration of the mediation shall be as mutually agreed by the Parties. Either Party may terminate the mediation at any time after the first session, and the decision to terminate shall be delivered in person by the terminating Party to the non-terminating Party and to the mediator. The costs of the mediation shall be shared equally by the Parties. The mediation shall be non-binding.

(d) Any Dispute that is not disposed of by mutual agreement or alternative dispute resolution may be decided by recourse to an action at law or in equity. Until final resolution of any Dispute hereunder, CONTRACTOR shall diligently proceed with the performance of this Contract as directed by ULA. **Each party hereby irrevocably waives, to the fullest extent permitted by applicable law, any right it may have to a trial by jury in respect to any litigation directly or indirectly arising out of under or in connection with this Contract.**

(e) MULTIPARTY PROCEEDING. The Parties agree that all Parties necessary to resolve a matter shall be parties to the same dispute resolution procedure. Appropriate provisions shall be included in all other contracts relating to the Work to provide for the joinder or consolidation of such dispute resolution proceedings.

7. COMPLIANCE WITH LAWS

(a) In performing this Contract, CONTRACTOR agrees to give all notices and comply with all applicable local, state, and federal laws, orders, rules, regulations, codes and ordinances ("Laws") and all licenses issued in connection with the performance of this Contract that may affect performance of this Contract. CONTRACTOR shall not knowingly take any action that would cause ULA to be in violation of any such laws, regulations, or licenses. CONTRACTOR shall cooperate with, and provide access to, regulatory agencies and authorities acting in an enforcement or compliance role. CONTRACTOR shall (unless otherwise specified in Contract documents), without expense to ULA, obtain all licenses and permits required for the Work. CONTRACTOR shall be responsible for all defense costs, fines, penalties or other sanctions and remedial costs based on CONTRACTOR's failure to comply with applicable laws, rules or regulations which are CONTRACTOR's responsibility under the Contract. CONTRACTOR shall indemnify, defend and hold harmless ULA against any liability, fine or penalty that may be imposed upon ULA as a result of CONTRACTOR's failure to comply with such Laws.

(b) CONTRACTOR represents and warrants that it is not disqualified from receiving federal government contracts, meaning that it is not an excluded party as recorded in the System for Award Management (SAM) exclusion file available at SAM.gov. CONTRACTOR agrees to notify ULA immediately upon learning that it, any controlling owner, or any of its Subcontractor or affiliates performing work on this Contract have been excluded or proposed for exclusion from federal contracting in the exclusion file published at SAM.gov.

(c) CONTRACTOR shall provide to ULA with each delivery any Safety Data Sheet applicable to the Work in conformance with and containing such information as required by the Occupational Safety and Health Act of 1970 as amended and regulations promulgated thereunder, or its State approved counterpart.

8. ETHICAL BUSINESS PRACTICES

CONTRACTOR is responsible for maintaining an ethics and compliance program that is consistent with ULA's Supplier Code of Conduct (available on ULA's Supplier website, <https://www.ulalaunch.com/resources/doing-business-with-ula>), as appropriate for its business, throughout the performance of this Contract. CONTRACTOR shall ensure that persons performing work under this Contract are aware of the importance of ethical behavior and comply with the Code of Conduct. If, at any time, Contractor becomes aware of a violation of the Supplier Code of Conduct in connection with this Contract, CONTRACTOR agrees to notify ULA, either through communication with ULA's Procurement Representative, or through ULA's Confidential Ethics Helpline, at 1-800-511-4173.

9. CONFLICTS OF INTEREST

(a) CONTRACTOR warrants that it is and shall remain free of any obligation or restriction that would interfere or be inconsistent with or present a conflict of interest concerning the Work to be furnished by CONTRACTOR under this Contract. CONTRACTOR is responsible for determining, in good faith, whether its activities or relationships, or those of its employees, present or could present a conflict of interest. CONTRACTOR shall immediately notify ULA of any change in circumstances that creates an actual, apparent, or potential conflict of interest.

(b) For the purposes of this clause, a conflict of interest exists if: (i) because of other business or organizational activities or relationships (including relationships with ULA's Customers or competitors), CONTRACTOR is unable to render impartial advice or assistance to ULA, or CONTRACTOR's objectivity in performing the Work under this Contract is otherwise impaired; or (ii) an employee of CONTRACTOR performing Work under the Contract has a financial interest, personal activity, or relationship that impairs that employee's ability to act impartially on behalf of CONTRACTOR in the performance of the Contract.

10. CONSTRUCTION SCHEDULE

(a) CONTRACTOR's timely performance is of the essence and is a material element of this Contract.

(b) Unless instructed by ULA in writing, CONTRACTOR shall not knowingly commence the Work before the effective date of insurance that is required to be provided by the CONTRACTOR or ULA.

(c) CONTRACTOR shall, prior to commencement of Work, prepare and submit for approval a practicable construction schedule and report ("Construction Schedule" or "Contract Construction Schedule"), showing the order in which the CONTRACTOR proposes to carry on the Work, the date on which it will start the several salient features of the Work (including procurement of materials, plant and equipment) and the contemplated dates for completing the same. The Construction Schedule shall be in the form of a progress chart of suitable scale to indicate appropriately the percentage of Work scheduled for completion at any time.

(d) CONTRACTOR shall furnish sufficient forces, construction plant and equipment, and shall work such hours, including night shifts and overtime operations, as may be necessary to ensure the performance of the Work in accordance with the approved Construction Schedule. If, in the opinion of ULA, CONTRACTOR falls behind the Construction Schedule, CONTRACTOR shall take such steps as may be necessary to improve its progress, and ULA may require it to increase the number of shifts, overtime operations, days of work, and/or the amount of construction equipment at no additional cost to ULA. Any direction issued to the CONTRACTOR to provide premium labor in any form must first be coordinated with and approved by the Procurement Representative.

(e) If CONTRACTOR is delayed at any time in the commencement or progress of the Work by any unforeseeable cause beyond the reasonable control of the CONTRACTOR, except financial inability to perform, CONTRACTOR shall be entitled to an equitable extension of the Date of Substantial Completion, the Date of final completion or an equitable extension of time in accordance with the Changes clause. Examples of causes beyond the control of CONTRACTOR include, but are not limited to, the following: acts or omissions of ULA or Others; changes in the Work or the sequencing of the Work ordered by ULA which CONTRACTOR cannot reasonably accommodate without modifying the Schedule of Work, or arising from decisions of ULA that impact the time of performance of the Work which CONTRACTOR cannot reasonably accommodate without modifying the Schedule of Work; transportation delays not reasonably foreseeable; labor disputes not involving CONTRACTOR or its Subcontractors impacting the Project; fire, terrorism, epidemics, pandemics, adverse governmental actions, adverse weather conditions not reasonably anticipated for the area in which the Work is being performed, encountering Hazardous Materials, concealed or unknown conditions; or delay authorized by ULA under Section 37. CONTRACTOR acknowledges and agrees that adjustments in the Schedule of Work will not be permitted if such delay (i) is caused by CONTRACTOR, or (ii) could have been limited or avoided by CONTRACTOR's timely notice to ULA of the delay.

(f) In addition, if the CONTRACTOR incurs additional costs as a result of a delay that is caused by acts or omissions of ULA or other changes in the Work or the sequencing of the Work ordered by ULA, or arising from decisions of ULA that impact the time of performance of the Work, discovery of Hazardous Materials, or concealed or unknown conditions, delay authorized by ULA under Section 37, the CONTRACTOR shall be entitled to an equitable adjustment in accordance with Changes clause of the Contract.

(g) Whenever the CONTRACTOR has knowledge that any actual or potential labor dispute is delaying or threatens to delay the performance of this Contract, the CONTRACTOR shall immediately give Notice thereof, including all relevant information with respect thereto, to the Procurement Representative. The CONTRACTOR agrees to insert the substance of this paragraph in any Subcontract hereunder as to which a labor dispute may delay the timely performance of the Contract, with notice of all relevant information concerning such dispute to be provided to the next higher tier Subcontractor or ULA.

(h) ULA may undertake or award other contracts for additional work to be performed in connection with or in or about the work under the Contract. The CONTRACTOR shall cooperate with ULA and its other CONTRACTORS and coordinate CONTRACTOR work activities with the activities of ULA personnel and other CONTRACTORS so that all work may be promptly and properly performed without undue interference or delay. The CONTRACTOR shall afford ULA and its other CONTRACTORS' reasonable opportunity for the timely execution of their work.

11. DIFFERING SITE CONDITIONS

(a) If in the performance of the Work the CONTRACTOR finds latent, concealed or subsurface physical conditions which materially differ from the conditions the CONTRACTOR reasonably anticipated, or if physical conditions are materially different from those normally encountered and generally recognized as inherent in the kind of work provided for in the Contract, CONTRACTOR shall promptly, and before the conditions are disturbed, but in no event later than 48 hours after discovery, give a written notice to the Procurement Representative of (1) subsurface or latent physical conditions at the site which differ materially from those indicated in this Contract, or (2) unknown physical conditions at the site, of an unusual nature, which differ materially from those ordinarily encountered and generally recognized as inherent in Work of the character provided for in the Contract.

(b) If after the commencement of the Work, hazardous conditions, including hazardous materials, are discovered, that could pose a risk to life, health or the environment, the CONTRACTOR shall immediately stop Work in the affected area and report the condition to ULA. Upon receipt of such report, ULA shall take appropriate measures to further assess the site condition and will meet and confer with the CONTRACTOR to mutually agree upon a course of action. The CONTRACTOR shall resume Work in the affected area after 1) the hazard has been removed or rendered harmless, or 2) alternative safety and health measures have been implemented allowing continuation of the Work.

(c) The ULA Procurement Representative shall investigate the site conditions promptly after receiving the notice. If the conditions do materially differ and cause an increase or decrease in CONTRACTOR 's cost of, or the time required for, performing any part of the Work under this Contract, whether or not changed as a result of the conditions, an equitable adjustment accounting solely for CONTRACTOR increased costs or additional time of performance (with no allowance for profit) may be made under this clause and this Contract modified in writing accordingly.

(d) No request by CONTRACTOR for an equitable adjustment to this Contract under this clause shall be allowed, unless CONTRACTOR has given the written notice required; provided, that the time prescribed in (a) above for giving written notice may be extended by the Procurement Representative upon good cause shown.

(e) No request by CONTRACTOR for an equitable adjustment to the Contract for differing site conditions shall be allowed if made after final payment under this Contract.

12. EXPORT CONTROL

(a) Technical data, defense services, software, and/or hardware furnished under or in connection with the Contract are subject to United States ("U.S.") export or import control laws and regulations and may be subject to export or import laws and regulations of other countries. CONTRACTOR agrees to comply with all such laws and regulations, including obtaining the appropriate U.S. Government authorization prior to exporting to a Foreign Person, as defined in 22 CFR 120, within the U.S. or abroad, as applicable. The substance of this subparagraph shall be flowed down to Subcontractors.

(b) CONTRACTOR certifies that only U.S. Persons, as defined in 22 CFR 120, located in the U.S., will be recipients of subject data, services, software, /or hardware and that only U.S. Persons shall participate directly with ULA in any manner, including, but not limited to, phone calls, telecons, meetings, or email. If direct participation by Foreign Persons is required, CONTRACTOR shall seek and receive prior written approval from ULA, to ensure that the appropriate export authorizations are in place. CONTRACTOR shall not distribute, transfer, or transmit any export controlled item, information, or services (even if incorporated into other products), except in compliance with applicable export laws and authorities. CONTRACTOR further certifies ULA data shall only be stored, processed, or transmitted on Information Technology ("IT") systems located in the U.S. with access controls to prevent access to subject data by Foreign Persons. All work pursuant to this Contract shall be performed in the U.S. The substance of this subparagraph shall be flowed down to Subcontractors.

(c) CONTRACTOR certifies that no item delivered under this Contract, or any component thereof, will be sourced from a country or entity subject to U.S. federal sanctions. CONTRACTOR is responsible for monitoring published lists of sanctioned entities to ensure that the prior statement remains accurate throughout Contract performance. If CONTRACTOR becomes aware that any lower tier subcontractor, or the country of origin of a component, becomes subject to sanctions during Contract performance, CONTRACTOR will immediately notify ULA.

(d) CONTRACTOR is required to be registered with the State Department, Directorate of Defense Trade Controls, if it engages in the business of either exporting or manufacturing (whether exporting or not) defense articles (i.e., International Traffic in Arms Regulations ("ITAR") controlled parts, technical data) or furnishing of defense services, and represents that it maintains an effective export and import compliance program.

(e) The exporter of record, who directly exports to a Foreign Person, has the ultimate responsibility to determine export jurisdiction, applicable license requirements, and to meet the applicable export laws and regulations. CONTRACTOR's responsibility to comply with all applicable laws and regulations regarding export-controlled items exists independent of, and is not established or limited by, the information provided by this clause. Nothing in this Contract changes, supersedes, or waives any of the requirements of applicable Federal laws, Executive orders, and regulations regarding export control. CONTRACTOR should resolve any questions regarding compliance with the ITAR or Export Administration Regulations ("EAR"), including export classification determinations, by consulting with its Empowered Official, other internal global trade resources, or counsel, as applicable. Contractor may also consult with the Department of State regarding any questions relating to compliance with the ITAR, or with the Department of Commerce regarding any questions relating to compliance with the EAR.

(f) The CONTRACTOR agrees to reasonably cooperate with ULA for assessments, audits and other fact-finding required to ensure compliance to U.S. export/import laws and regulations or as part of an investigation or corrective action related to a potential or actual violation of U.S. export/import laws and regulations. The CONTRACTOR will provide input for such activities in a timely and accurate manner. The substance of this subparagraph shall be flowed down to Subcontractors.

(g) The CONTRACTOR agrees to provide timely and accurate reporting of fees and commissions paid related to Part 130 of the ITAR, when applicable. CONTRACTOR certifies that, except as otherwise reported to ULA, it has not paid, or offered, nor agreed to pay, and will not pay, offer, or agree to pay, in respect of any sale for which an export license or approval is required, political contributions, fees or commissions in amounts as specified in 22 CFR 130.9. This subparagraph shall be flowed down to any authorized Subcontractors, as applicable.

(h) For any shipment exported from the U.S. in which ULA is the U.S. Principal Party in Interest ("USPPI"), ULA prohibits the filing of Electronic Exporter Information ("EEI") via the Automated Export System ("AES") by any party except ULA or a ULA-approved forwarder.

(i) When CONTRACTOR is responsible for clearing the Work through U.S. Customs, CONTRACTOR will neither cause nor permit ULA's name to be shown as "Importer Of Record" on any customs declaration form or other documentation. CONTRACTOR shall obtain written approval from ULA prior to drop shipping hardware originating from a foreign country. CONTRACTOR's failure to obtain ULA written approval may result in ULA rejecting the shipment upon delivery.

(j) ULA has partnered with U.S. Customs and Border Protection in the Customs - Trade Partnership Against Terrorism ("C-TPAT") program. For imports into the U.S. in support of this Contract, CONTRACTOR shall only utilize customs brokers, freight brokers, freight forwarders, and carriers that are C-TPAT validated by U.S. Customs and Border Protection. This subparagraph shall be flowed down to any authorized Subcontractors, as applicable.

(k) CONTRACTOR shall indemnify and hold harmless ULA, its officers, employees, and agents from any losses, costs, claims, causes of action, damages, liabilities, and expenses, including attorney fees, all expenses of litigation and/or settlement, and court costs caused in whole or in part by the actions or omissions of CONTRACTOR, its officers, employees, agents, suppliers, or Subcontractors in relation to its export/import activities. Any limitation of liability in this Contract shall not apply to this clause.

13. FURNISHED PROPERTY

(Applicable if any property owned by either ULA or ULA's Customer(s) is furnished to the CONTRACTOR under this Contract.)

(a) ULA may provide to CONTRACTOR property owned by either ULA or ULA's Customer (Furnished Property). Furnished Property shall be used only for the performance of this Contract.

(b) Furnished Property.

(1) ULA shall deliver to the CONTRACTOR, for use in connection with and under the terms of this Contract, the Furnished Property described in the Contract or Specifications together with any related data and information that the CONTRACTOR may request and is reasonably required for the intended use of the property.

(2) If Furnished Property is received by the CONTRACTOR in a condition not suitable for the intended use, the CONTRACTOR shall, upon receipt notify ULA detailing the facts, and, as directed by the ULA Procurement Representative and at ULA's expense, either repair, modify, return, or otherwise dispose of the property. This provision does not apply to property furnished "as is".

(c) Changes in Furnished Property.

ULA may, by written Notice, (i) decrease the Furnished Property provided or to be provided under this Contract, or (ii) substitute other Furnished Property for the property to be provided by ULA or to be acquired by the CONTRACTOR for ULA, under this Contract. The CONTRACTOR shall promptly take such action as ULA may direct regarding the removal, shipment, or disposal of the property covered by such Notice.

(d) Title in Furnished Property.

(1) ULA or ULA's Customer shall retain title to all Furnished Property.

(2) Title to each item of facilities, special test equipment, and special tooling (other than that subject to a special tooling clause) acquired by the CONTRACTOR for ULA under this Contract shall pass to and vest in ULA when its use in performing this Contract commences or when ULA has paid for it, whichever is earlier, whether or not title previously vested in ULA.

(3) If this Contract contains a provision directing the CONTRACTOR to purchase material for which ULA will reimburse the CONTRACTOR as a direct item of cost under this Contract –

(a) Title to material purchased from a vendor shall pass to and vest in ULA upon the vendor's delivery of such material; and

(b) Title to all other material shall pass to and vest in ULA upon -

- (i) Issuance of the material for use in Contract performance;
- (ii) Commencement of processing of the material or its use in Contract performance; or
- (iii) Reimbursement of the cost of the material by ULA, whichever occurs first.

(e) Property administration.

(1) The CONTRACTOR shall be responsible and accountable for all Furnished Property provided under this Contract.

(2) The CONTRACTOR shall establish and maintain a program for the use, maintenance, repair, protection, and preservation of Furnished Property.

(f) Access. ULA and its designees shall have access at all reasonable times to the premises in which any Furnished Property is located for the purpose of inspecting the Furnished Property.

(g) Risk of loss. CONTRACTOR shall maintain all financial and quality records pertaining to its performance of the Work. CONTRACTOR shall retain such records for six (6) years from final payment of this Contract.

(b) ULA shall have access to such records, and any other records CONTRACTOR is required to maintain under this Contract, for the purpose of audit during normal business hours, upon reasonable notice for so long as such records are required to be retained.

(c) CONTRACTOR shall require the substance of this section to be included in any agreement with Subcontractors.

28. MATERIAL AND WORKMANSHIP

(a) Unless otherwise specifically provided in the Contract, all equipment, material, and articles incorporated in the Work covered by the Contract are to be new and of the most suitable grade for the purpose intended. Unless otherwise specifically provided in the Contract, reference to any equipment, material, article, or patented process, by trade name, make, or catalog number, shall be regarded as establishing a standard of quality and shall not be construed as limiting competition, and the CONTRACTOR may at its option, use any equipment, material, article, or process which, in the judgment of ULA is equal to that named. Approvals of equals will not relieve the CONTRACTOR of responsibility for adequate fulfillment of the various parts of the work, or from specified guarantees and maintenance standards. Any requests for substitution which may be offered shall have been submitted for approval prior to award of the Contract. Unless specified in the Schedule, no such substitution will be permitted and the CONTRACTOR will be deemed to have hereby agreed to furnish only the brand names specified in the Contract documents.

(b) No materials or supplies for the Work contracted for shall be purchased by the CONTRACTOR or by any Subcontractor working under CONTRACTOR which shall be subject to any chattel mortgage or under a conditional sale or other agreement in which an interest is retained by another party. The CONTRACTOR warrants that the title to all materials and supplies used by CONTRACTOR in the performance of the Work hereunder shall be clear of all encumbrances of any nature whatsoever.

(c) Unless waived in writing by ULA, all tests or trials shall be made in the presence of a duly authorized representative of ULA. When the presence of the inspector is waived, sworn statements, in triplicate, of the test made and results thereof shall be furnished to ULA by the CONTRACTOR immediately after the tests are made. Costs of all tests and trials, including concrete aggregate and cylinder tests, and soil analysis, shall be borne by the CONTRACTOR.

(d) ULA may, in writing, require the CONTRACTOR to remove from the site any employee ULA deems incompetent, careless, or otherwise objectionable. The CONTRACTOR shall additionally be responsible for requiring each employee engaged on the site to display such identification as may be approved and directed by ULA. All prescribed identification shall immediately be delivered to ULA, for cancellation, when such employee is no longer engaged on the site. When required by ULA, the CONTRACTOR shall also obtain and submit fingerprints of all persons employed or to be employed on the project.

29. COUNTERFEIT PARTS

(a) For the purposes of this clause:

(i) Counterfeit Part means an unlawful or unauthorized reproduction, substitution, or alteration that has been knowingly mismarked, misidentified, or otherwise misrepresented to be an authentic, unmodified part from the original manufacturer, or a source with the express written authority of the original manufacturer or current design activity, including an authorized aftermarket manufacturer. Unlawful or unauthorized substitution includes used parts represented as new, or the false identification of grade, serial number, lot number, date code, or performance characteristics.

(ii) Electronic Part means an integrated circuit, a discrete electronic component (including, but not limited to, a transistor, capacitor, resistor, or diode), or a circuit assembly.

(b) Counterfeit Parts consist of items delivered under this Contract that are at the lowest level of separately identifiable items (e.g. articles, components, goods, and assemblies).

(c) CONTRACTOR shall not deliver Counterfeit Parts to ULA under this Contract.

(d) CONTRACTOR shall only purchase parts and material, including without limitation, Electronic Parts to be delivered or incorporated as Work to ULA directly from the Original Component Manufacturer (OCM)/Original Equipment Manufacturer (OEM), or through an OCM/OEM authorized distributor chain. Parts shall not be acquired from independent distributors or brokers unless approved in advance in writing by ULA.

(e) CONTRACTOR shall immediately notify ULA with the pertinent facts if CONTRACTOR becomes aware or suspects that it has furnished Counterfeit Parts. When requested by ULA, CONTRACTOR shall provide OCM/OEM documentation that authenticates traceability of the affected parts to the applicable OCM/OEM.

(f) This clause applies in addition to any quality provision, specification, statement of work or other provision included in this Contract addressing the authenticity of Work. To the extent such provisions conflict with this clause, this clause prevails.

(g) To the extent that this Contract involves delivery of parts, CONTRACTOR shall develop and implement policies and procedures to eliminate Counterfeit Parts from CONTRACTOR's supply chain, including training of personnel; inspection and testing; mechanisms to enable traceability of parts to OCMs/OEMs; methodologies to identify suspect Counterfeit Parts rapidly; and flow down of Counterfeit Parts avoidance and detection requirements to Subcontractors.

(h) In the event that Work delivered under this Contract constitutes or includes Counterfeit Parts, CONTRACTOR shall, at its expense, promptly replace such Counterfeit Parts with genuine parts conforming to the requirements of this Contract. Notwithstanding any other provision in this Contract, CONTRACTOR shall be liable for all costs relating to the removal and replacement of Counterfeit Parts including, without limitation, ULA's costs of removing Counterfeit Parts, of installing replacement parts and of any testing necessitated by the reinstallation of parts after Counterfeit Parts have been exchanged.

The remedies contained in this paragraph are in addition to any remedies ULA may have at law, equity or under other provisions of this Contract.

(i) CONTRACTOR further agrees to defend, indemnify and hold harmless ULA, its officers, employees, and agents from any losses, costs, claims, causes of action, penalties, liabilities, expenses, including attorney fees, all expenses of litigation and/or settlement, and court costs caused in whole or in part by the actions or omissions of CONTRACTOR, its officers, employees, agents, suppliers, or Subcontractors in relation to Counterfeit Parts. Any limitation of liability in this Contract shall not apply to this clause.

(j) If CONTRACTOR is providing Electronic Parts, CONTRACTOR makes the following certification: Acceptance of this Contract constitutes confirmation by CONTRACTOR that it is the Original Equipment Manufacturer (OEM)/Original Component Manufacturer (OCM), or a franchised or authorized distributor of the OEM/OCM for the Work herein procured. CONTRACTOR further warrants that OEM/OCM acquisition documentation that authenticates traceability of the components to that applicable OEM/OCM is available upon request. If CONTRACTOR is not the OEM/OCM or a franchised or authorized distributor, CONTRACTOR confirms by acceptance of this Contract that it has been authorized in writing to procure from the OEM/OCM or a franchised or authorized distributor of the OEM/OCM.

(k) CONTRACTOR shall include paragraphs (a) through (g), (j) and this paragraph (k) of this clause or equivalent provisions in lower tier subcontracts for the delivery of items that will be included in or furnished as Work to ULA.

With respect to such raw materials or COTS items, CONTRACTOR further agrees:

(i) No software that is developed in a proscribed country shall be delivered to ULA;

(ii) CONTRACTOR shall not supply to ULA, or incorporate into any product supplied to ULA, any item or component manufactured in a proscribed country that could be attached to a ULA computer or that could connect to a ULA network and is capable of storing, processing, or transmitting information;

(iii) CONTRACTOR shall not disclose to any supplier based in a proscribed country information that is proprietary to ULA, relates to ULA, or which could be used to identify ULA as the ultimate customer for any order

(iv) In the event of a failure of any Work delivered under the Contract, CONTRACTOR must be able to support any failure investigation without reliance on the participation of any company or individual from a proscribed country.

(c) CONTRACTOR shall notify ULA if it is aware of, or becomes aware of, reliance on specific foreign sources of supply, at any tier, as items critical to the functioning or operation of any Work to be delivered to ULA. For the purposes of this provision, reliance on means that CONTRACTOR could not reasonably procure critical items from an alternate source, and therefore would be unable to deliver Work to ULA if any single foreign source becomes unavailable.

(d) CONTRACTOR is responsible for the continuous monitoring of its supply chain to ensure that any changes that impact the Work to be provided to ULA maintains in compliance with the requirements of this clause.

31. OPERATIONS, STORAGE AREAS AND TEMPORARY FACILITIES

Such temporary buildings and/or utilities shall remain the property of the CONTRACTOR and will be removed by the CONTRACTOR at its sole expense upon the completion of the Work.

(c) The CONTRACTOR shall use only established roadways or construct and use such temporary roadways as may be authorized in advance by ULA. When it is necessary to cross curbing or sidewalks, the CONTRACTOR shall provide protection against damage. Any roads, curbing, or sidewalks damaged by CONTRACTOR or Subcontractors shall be repaired by and at the expense of the CONTRACTOR, to ULA's satisfaction.

(d) The CONTRACTOR shall furnish adequate toilet facilities for its employees. Toilet facilities shall conform to all applicable federal, state and local sanitary regulations and shall be located as approved in advance by ULA.

(e) The Work shall be done without interference with the ordinary use of streets, easements and passages and the CONTRACTOR shall cooperate with other CONTRACTORS of ULA and ULA employees as may be required by ULA. The CONTRACTOR shall not commit or permit any act which will interfere with the performance of work by any other CONTRACTORS or ULA employees, whether at the Site or not.

32. PRESERVATION OF EXISTING VEGETATION

(a) The CONTRACTOR will preserve and protect all existing vegetation such as trees, shrubs, and grass on or adjacent to the Site which do not unreasonably interfere with the construction as may be determined by ULA. The CONTRACTOR will be responsible for all unauthorized cutting or damaging of trees and shrubs, including damage due to careless operation of equipment, stockpiling of materials or tracking of grass areas by equipment.

(b) Care shall be taken by the CONTRACTOR in felling trees authorized for removal to avoid any unnecessary damage to vegetation that is to remain in place. Any limbs or branches of trees broken during such operations shall be trimmed with a clean cut and painted with an approved tree pruning compound. The CONTRACTOR may be required to replace or restore, at its own expense, all vegetation not protected and preserved as required herein that is destroyed or damaged.

CONTRACTOR shall not disturb the habitat of any protected species, nor shall CONTRACTOR make contact with or feed any wildlife present on Site.

33. PROTECTION OF MATERIALS AND WORK PERFORMED

(a) The CONTRACTOR shall at all times protect and preserve all materials, supplies and equipment of every description (including property which may be ULA furnished or owned) and all Work performed. The CONTRACTOR shall promptly comply with requests of ULA to enclose or specially protect such property. If as determined by the Procurement Representative, material, equipment, supplies and Work performed are not adequately protected by the CONTRACTOR, ULA may protect such property and the cost thereof may be charged to the CONTRACTOR or deducted from any payments due the CONTRACTOR.

(b) Any damage to existing structure or work of any kind or the interruption of a utility service, shall be repaired or restored immediately by and at the expense of the CONTRACTOR.

(c) The necessary materials, tools and equipment to be utilized in the performance of this Contract shall be consigned to and delivered to or by the CONTRACTOR at the site and shall be CONTRACTOR's responsibility to unload and safeguard from all hazards.

(d) The CONTRACTOR shall protect the materials and Work from deterioration and damage during construction and shall store and secure flammable material from fire, remove oily rags, waste, and refuse from buildings each night and during cold weather furnish all heat necessary for the proper conduct of the Work. 34. USE OF STRUCTURE BEFORE ACCEPTANCE

(a) ULA or others approved by ULA may, during the performance of the Work, enter the structure for the purpose of performing any necessary Work. In doing so ULA shall endeavor not to interfere with the CONTRACTOR and the CONTRACTOR shall not interfere with work being done by or on behalf of ULA.

(b) If, prior to completion and final acceptance of the Work, ULA takes possession of any structure (whether completed or otherwise) comprising a portion of the Work with the intent of retaining possession thereof (as distinguished from temporary possession contemplating return to the CONTRACTOR), then, while ULA is in possession, the CONTRACTOR, notwithstanding any other provision herein, shall be relieved of the responsibility for loss or damage to structure other than that resulting from the CONTRACTOR's fault or negligence. Such taking of possession by ULA shall not relieve the CONTRACTOR from any provisions of this Contract respecting such structure, other than to the extent specified in the preceding sentence, nor constitute a final acceptance of such structure.

35. REMOVAL OF EQUIPMENT AND CLEANUP

(a) The CONTRACTOR shall at all times keep the Site, including storage areas, free from accumulations of waste material and rubbish. Prior to completion of the Work, CONTRACTOR shall remove any rubbish from the Site. Upon completion of the construction, the CONTRACTOR shall remove all tools, scaffolding equipment, and materials not the property of ULA and leave the Site in a broom clean, neat condition satisfactory to ULA.

(b) Should the CONTRACTOR fail to take prompt action to remove its equipment, tools, materials, and other articles from the site, ULA (at its option and without waiver of such other rights as it may have) may, thirty (30) days after Notice to CONTRACTOR, treat such items as abandoned property and thereby take title to, dispose, or use them as it deems appropriate.

36. SAFETY AND ACCIDENT PREVENTION

(a) In performing Work under this Contract on ULA property, the CONTRACTOR is responsible for the safety and health of the CONTRACTOR'S, and Subcontractors' employees, and shall:

(1) Conform to all safety requirements contained in this Contract;

(2) Comply with the safety rules of ULA, all local, state and federal health and safety regulations, and federal and state regulatory authorities responsible for health and safety;

(3) Take all reasonable steps and precautions to prevent accidents and preserve the life and health of all individuals performing the Work or in any way involved with the performance of this Contract;

(4) Take such additional immediate precautions as ULA may reasonably require for safety and accident prevention purposes; and

(5) Be responsible for informing all CONTRACTOR and Subcontractor employees of any hazards associated with the job site.

(b) The Procurement Representative may, by written order, direct additional safety and accident standards as may be required in the performance of this Contract.

(c) The CONTRACTOR shall immediately notify ULA of any accident, incident or exposure resulting in fatality, lost-time, occupational injury or occupational disease, or contamination of property, or any loss of property owned by ULA or ULA's Customer, arising out of Work performed under this Contract; provided, however, the CONTRACTOR will not be required to include in any report an expression of opinion as to fault or negligence. In addition, the CONTRACTOR shall comply with any illness, incident and injury experience reporting requirements set forth in the Contract. The CONTRACTOR will investigate all such work-related incidents or accidents to the extent necessary to positively determine the cause, and furnish ULA with a report, in such form as ULA may require, of the investigative findings, together with proposed and/or completed corrective actions.

(d) Any violation of these safety rules and requirements, unless immediately corrected as directed by the Procurement Representative, shall be a material default and shall be grounds for termination of this Contract in accordance with the "Termination for Default" clause of this Contract.

(e) CONTRACTOR shall be responsible for and hereby agrees to indemnify and save ULA harmless from any and all:

(1) damage to the property of ULA, the CONTRACTOR, or Subcontractors; or

(2) injury to employees of ULA, the CONTRACTOR, or Subcontractors; or

(3) for any liability whatsoever arising out of or in connection with the presence of CONTRACTOR or its Subcontractors pursuant to the Contract.

(f) The CONTRACTOR shall cause the substance of this clause including this paragraph (f) and any applicable Contract Provisions to be inserted in Subcontracts which: (i) amount to \$1,000,000 or more unless ULA makes a written determination that this is not required; (ii) require construction, repair, or alteration in excess of \$10,000; or (iii) the CONTRACTOR, regardless of dollar amount, determines that hazardous materials or operations are involved.

37. SITE INVESTIGATIONS AND REPRESENTATIONS

(a) The CONTRACTOR represents that it has investigated and satisfied itself as to the nature and location of the Work, the general and local conditions, including but not limited to those bearing upon transportation, disposal, handling and storage of materials; the availability of labor, water, electric power, and roads; the uncertainties of weather, river stages, tides, or similar physical conditions at the Site; the conformation and conditions of the ground; the character of equipment and facilities needed preliminary to and during the performance of the Work, and all other matters upon which information is reasonably obtainable and which can in any way affect the Work or the cost thereof under this Contract.

(b) The CONTRACTOR further represents that it has satisfied itself as to the character, quality and quantity of surface and subsurface materials or obstacles to be encountered insofar as this information is reasonably ascertainable from an inspection of the Site, including all exploratory work done by ULA, as well as from information presented by the specifications and drawings.

(c) ULA expressly disclaims the accuracy and reliability of any subsurface tests and/or representations provided with the Bid Documents. Said materials are provided for illustrative purposes only, and CONTRACTOR is required to make and has made its own independent tests of subsurface conditions.

(d) Failure by the CONTRACTOR to acquaint itself with all available information shall not relieve it of responsibility for successfully performing the Work. ULA assumes no responsibility for any conclusions or interpretations made by the CONTRACTOR based on the information made available by ULA or for any understandings reached or representations made by any of its officers, employees or agents prior to the execution of this Contract, unless (1) such understanding or representations are expressly stated in this Contract and (2) this Contract expressly provides that the responsibility therefore is assumed by ULA.

(e) Where alterations of and/or additions to existing construction are required under this Contract, the CONTRACTOR shall verify all dimensions and determine all existing conditions that may affect its Work and shall be responsible for the accuracy of such dimensions and determinations.

38. SPECIFICATIONS AND DRAWINGS

(a) CONTRACTOR shall comply with all specifications and drawings set forth in the Statement of Work hereof. All Work called for in said specifications and drawings shall be accomplished in accordance with all applicable national and local codes.

(b) The CONTRACTOR shall keep on the Site a copy of the specifications and drawings and shall at all times provide ULA access thereto. Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both. In any case of discrepancy either in the figures, in the specifications, or in the drawings, the matter shall be promptly submitted to the Procurement Representative, who shall promptly make a determination in writing. Any adjustment by the CONTRACTOR without this determination shall be at its own risk and expense. ULA shall furnish from time to time such detail drawings and other information as may be considered necessary, unless otherwise provided.

(c) Omissions and Misdescriptions. Omissions from the specifications or drawings or the misdescription of details of Work which are manifestly necessary to carry out the intent of the specifications and drawings, shall not relieve the

CONTRACTOR from performing such omitted or misdescribed details of Work, but they shall be performed as if fully and correctly set forth and described in the specifications and drawings.

(d) Checking of Drawings and Dimensions. The CONTRACTOR shall check all drawings furnished it immediately upon their receipt and shall promptly provide notice to ULA of any discrepancies. Dimensions marked on drawings shall in general be followed in preference to scale measurements. Large-scale detail drawings shall in general govern small scale drawings. The CONTRACTOR shall compare all drawings and verify the figures before laying out the Work and will be responsible for any errors which might have been avoided thereby. When measurements are affected by field conditions, the CONTRACTOR shall take measurements notwithstanding the giving of scale or figure dimensions in the drawings.

(e) Deviations. Deviations from the drawings and the dimensions therein given, whether or not error is believed to exist, shall not be made until written authority is obtained from ULA.

(f) Base Lines and Grades. The CONTRACTOR shall lay out its work from base lines and grades established by ULA and shall be responsible for all measurements in connection therewith. The CONTRACTOR shall, at its own expense, furnish all stakes, templates, platforms, equipment, and ranges and labor that may be required in setting and cutting, or laying out any part of the Work. The CONTRACTOR will be held responsible for the proper execution of the Work to such lines and grades as may be established or indicated by ULA, and all stakes or other marks thus established shall be preserved by it until their removal is authorized by ULA. ULA will furnish, on request from the CONTRACTOR, all location and limit marks reasonably necessary for the conduct of the Work.

(g) All drawings shall become the property of ULA, and ULA shall be entitled, without further payment or liability to the CONTRACTOR and without further permission, to use such drawings and to reproduce them; provided, however, the use of such drawings shall not imply a license to ULA under any patent or shall not be construed as affecting the scope of any license otherwise granted to ULA under any patent.

(h) The CONTRACTOR shall furnish to ULA for all phases of the Work under specification sections wherein they apply, a sufficient number of submittals so that ULA can retain copies. Submittals include, but are not limited to, complete sets of certified shop drawings, fabrication and welding procedures, specifications, reports, any applicable standards, and/or catalog data including vendors' delivery dates. This information shall be submitted for approval within ten (10) days, in accordance with the Construction Schedule, after award of the Contract. Submittals returned by ULA shall be marked with one of the following notations: (i) NO EXCEPTIONS TAKEN, UNLESS OTHERWISE NOTED; (ii) MAKE CORRECTIONS NOTED; (iii) REVISE AND RESUBMIT; (iv) REJECTED; (v) SUBMIT SPECIFIED ITEM. Marking submittals as "NO EXCEPTIONS TAKEN, UNLESS OTHERWISE NOTED" does not constitute a waiver of detailed or specified requirements unless so stated in writing by ULA. Submittals bearing ULA's review comments of "MAKE CORRECTIONS NOTED", "REVISE AND RESUBMIT", "SUBMIT SPECIFIED ITEM", or "REJECTED" shall be corrected and resubmitted within seven (7) calendar days to comply with the requirements of the review comments and the design documents. All submittals shall be marked as "NO EXCEPTIONS TAKEN" before starting fabrication.

(i) ULA's review and/or approval of submittals shall not relieve the CONTRACTOR from the responsibility of producing completed and installed Work in strict conformance with the Contract requirements. ULA will not assume the responsibility for searching out deviations in the CONTRACTOR's submittals or any specifications indicated by the CONTRACTOR on submittals. It is understood that the review and/or approval by ULA of the CONTRACTOR's submittals shall not be construed as a complete check as to their adequacy, nor as an agreement that the submittal will meet the requirements of the Contract. Such review and/or approvals shall in no way relieve the CONTRACTOR of responsibility for any error or deficiency which may exist in the submittal, as the CONTRACTOR shall be responsible for meeting all requirements of the Contract.

(j) In the event the Work set forth in the specifications and drawings does not comply with requirements within the applicable national or local codes, the CONTRACTOR shall notify ULA of such fact and ULA may, by issuing a Change Order in accordance with the provisions of the Changes clause hereof, authorize compliance by the CONTRACTOR with the requirements of the applicable national or local codes.

(k) The CONTRACTOR shall provide to ULA one (1) set of drawings that accurately portray "as-built" conditions of all construction items within the Contract. Each of these drawings shall be neatly and clearly marked-up (in red) to show all variations between the as-built construction and that indicated or specified by the Contract. Where a choice of material, equipment and/or methods is permitted herein, or where variations in the scope or character of the Work from that indicated or specified is permitted by subsequent modification to the Contract, such choices or variations shall be reflected on these drawings. The as-built drawings shall include such supplementary notes, legends and details as may be necessary for

legibility and clear portrayal of the as-built construction. All of the required as-built drawings will be delivered to ULA within four (4) weeks after completion of construction.

(l) The CONTRACTOR acknowledges that the specifications and drawings are owned solely by ULA and acknowledges that they contain confidential, proprietary and trade secret information. CONTRACTOR agrees to maintain the confidentiality of these documents so far as is possible within the scope of the Work as provided for in the Contract documents. CONTRACTOR will not at any time provide any of the Contract documents to any person or entity that is not a Subcontractor on an employee or officer of a Subcontractor. CONTRACTOR shall include the substance of this paragraph in all agreements with Subcontractors.

39. SUBCONTRACTORS

(a) The CONTRACTOR shall at all times select qualified vendors and Subcontractors for performance of all Subcontract work and the furnishing of materials and labor. Nothing noted in any Subcontract hereunder shall create any contractual relation between any Subcontractor and ULA. The Contract shall not be nullified, in whole or in part, by any Subcontract.

(b) CONTRACTOR shall keep all invoices for labor, materials, tools, services, etc., incurred in connection with this Contract on a current basis, and if required by ULA, shall present evidence that payment therefore has been made.

(c) The CONTRACTOR shall not contract with a proposed person or entity to whom ULA has made objection. The CONTRACTOR shall not change a Subcontractor, person or entity previously selected without Procurement Representative prior approval to such substitution. The CONTRACTOR shall not retain any Subcontractor to whom ULA has a reasonable and timely objection, provided that ULA agrees to compensate the CONTRACTOR for any additional costs incurred by the CONTRACTOR as a result of such objection pursuant to the changes clause and upon provision of sufficient cost and other data supporting CONTRACTOR's claim.

(d) If the Contract is terminated, ULA reserves the right to require that any Subcontract be assigned by CONTRACTOR to ULA or its designee, subject to the prior rights of any surety.

40. SUPERINTENDENCE

(a) The CONTRACTOR shall provide a competent Superintendent, with necessary assistants, sufficient and competent management and supervisory personnel on the Site during performance of any Work. Such superintendence and management shall efficiently supervise the Work and be responsible for all requirements of the Contract.

(b) The Superintendent is subject to acceptance by ULA and subject to the continuing satisfaction of ULA. If such personnel become unacceptable to ULA, at ULA's sole discretion, the CONTRACTOR shall take immediate steps to replace such person(s).

(c) The Superintendent shall represent the CONTRACTOR, and communications including notices, delivered to the Superintendent shall be deemed delivered to the CONTRACTOR.

(d) CONTRACTOR superintendence and/or management at the Site shall have the authority to commit the CONTRACTOR to Changes under the Changes clause of this Contract. Upon acceptance of the Contract, CONTRACTOR shall provide the Procurement Representative with notice as to personnel designated under this provision, and such authority shall remain in force until notice otherwise is received by the Procurement Representative.

41. PAYMENTS, TAXES AND DUTIES

(a) ULA shall pay the Contract price as provided in this Contract.

(b) ULA will make progress payments based on CONTRACTOR's proper invoice. CONTRACTOR shall submit invoices no more frequently than monthly as the Work progresses, based on estimates of acceptable Work accomplished submitted by the CONTRACTOR and approved by ULA. If requested by ULA, the CONTRACTOR shall furnish a breakdown of the total Contract price showing the amount included therein for each principal category of the Work, in such detail as requested, to provide a basis for determining progress payments. In preparing estimates of Work accomplished, the material delivered on the Site and preparatory work completed may be taken into consideration. Such payments shall be made on submission of itemized requests by the CONTRACTOR and shall be subject to reduction for overpayments or increase for underpayments on preceding payments to the CONTRACTOR.

(c) In making such progress payments there shall be retained, unless otherwise required or limited by applicable law, ten (10) percent of the approved estimated amount until final completion and acceptance of all Work covered by the Contract; provided, that upon completion and acceptance of each building, or other division of the Contract, on which the price is stated separately in the Contract, payment may be made in full, including retained percentage thereon, less authorized deductions.

(d) All material and Work covered by progress payments made shall thereupon become the sole property of ULA but this provision shall not be construed as relieving the CONTRACTOR from the sole responsibility for all materials and Work upon which payments have been made or the restoration of any damaged Work, or as a waiver of the right of ULA to require the fulfillment of all of the terms of the Contract.

(e) Unless otherwise provided, terms of payment shall be net sixty (60) days from ULA's receipt of the CONTRACTOR's proper invoice. Payment shall be deemed to have been made as of the date of mailing ULA's payment or electronic funds transfer. CONTRACTOR shall not include any export controlled information, covered defense information (if applicable), or any other information whose release is otherwise restricted by federal law or regulation in its invoices.

(f) Upon completion and final acceptance of all Work required hereunder as provided in the clause herein entitled "Inspection, Test, and Acceptance", the amount due the CONTRACTOR under this Contract will be paid upon the presentation of a properly executed and duly certified voucher therefore and presentation of release of all claims against ULA arising by virtue of this Contract, other than claims, in stated amounts, that the CONTRACTOR has specifically excepted from the operation of the release. If the CONTRACTOR's claim to amounts payable under the Contract has been assigned, a release may be required of the assignee at the option of ULA.

(g) Neither the final payment nor any part of the retained percentage shall become due until the CONTRACTOR delivers to ULA complete releases from itself and each of its Subcontractors of all liens arising out of this Contract, or receipts in full in lieu thereof, and, an affidavit that so far as it has knowledge or information the release includes all the labor and material for which a lien could be filed; but the CONTRACTOR may, if any Subcontractor refuses to furnish a release or receipt in full, furnish a bond satisfactory to ULA, to indemnify ULA against any lien. If any lien remains unsatisfied after all payments are made, the CONTRACTOR shall refund to ULA all monies that the latter may be compelled to pay in discharging such a lien, including all costs and reasonable attorneys' fees.

(h) The obligation of ULA to make the payments required under the provisions of this Contract shall, in the discretion of ULA, be subject to reasonable deductions on account of defects in material or workmanship. Each payment made shall be subject to reduction to the extent of amounts which are found by ULA or CONTRACTOR not to have been properly payable, and shall also be subject to reduction for overpayments. CONTRACTOR shall promptly notify ULA of any such overpayments identified by CONTRACTOR through any means. ULA may at any time deduct or set off CONTRACTOR's claims for money due or to become due from ULA against any claims that ULA has or may have arising out of this Contract or any other contract between the parties, including the value of any prepaid Work rejected or returned for nonconformance.

(i) With the exception of sales/use tax, and unless otherwise specified, prices include all applicable federal, state, local and foreign taxes, duties, tariffs, and similar fees imposed by any government, all of which shall be listed separately on the invoice. When taxable and non-taxable items (i.e., materials and labor) are invoiced under this Contract, taxable versus non-taxable items shall be separately stated. If Work purchased qualifies for tax exemption, then an exemption certificate will be presented from ULA to CONTRACTOR.

42. PRECEDENCE

Any inconsistencies in this Contract shall be resolved in accordance with the following descending order of precedence: (i) Face of the Purchase Order and/or Task Order, or long form Contract, (if applicable); (ii) Terms and Conditions, including this Document and any Special Provisions such as Prime Contract Flowdowns and Site Security Documents; (iii) Any Confidentiality Agreement; (iv) Statement of Work; (v) Specifications; (vi) Drawings; and (vii) any other exhibits to this Contract

43. SURVIVABILITY

44. SUSPENSION OR STOPPAGE OF WORK

(a) The Procurement Representative may order the CONTRACTOR in writing to stop or suspend all or any part of the Work of this Contract for such period of time as ULA may determine to be appropriate for the convenience of ULA. CONTRACTOR shall take all reasonable steps to minimize the incurrence of costs allocable to the Work during the period of suspension or stoppage. If, without the fault or negligence of the CONTRACTOR, the performance of all or any part of the Work is suspended for greater than 30 days, or such shorter time as the parties may agree in writing, CONTRACTOR may request an adjustment be made by ULA for any increase in the cost of performance of the Contract (excluding profit) necessarily caused by the suspension, and the Contract shall be modified in writing accordingly. No adjustment shall be made to the extent that performance by the CONTRACTOR would have been prevented by other causes even if the Work had not been so suspended. Any claim must be asserted to the Procurement Representative in writing within twenty-four (24) hours after the termination of the suspension and a proposal for adjustment must be submitted to the Procurement Representative in writing within twenty (20) days after the termination of suspension and must fully set forth the requested adjustment in the Contract Price and/or adjustment in the Contract Construction Schedule, if any. If an adjustment in the Contract Construction Schedule period of performance is requested, the proposal for adjustment shall also separately set forth the time required, including premium time, to maintain the present period of performance.

(b) In the event the CONTRACTOR is instructed to vacate an area where Work is being performed, the Construction Schedule will be extended by the time lost. If the CONTRACTOR is ordered to vacate for more than one hour at any one time, then the CONTRACTOR will make every reasonable effort to place his labor force in other productive work. If no other work is available, upon receipt request for equitable adjustment acceptable to ULA, ULA will reimburse the CONTRACTOR for the labor cost (without mark-up) of the time lost in excess of one hour per man, but in no event more than fifteen (15) hours per man. If the CONTRACTOR is required to vacate an area for more than sixteen (16) normal working hours the provisions of subparagraph (a) above shall apply in lieu of this paragraph.

uses reasonable efforts to mitigate ULA's liability under this clause, except where such other provision governing termination liability has been agreed to between the parties and incorporated into this Contract.

(c) Any termination settlement proposal shall be submitted to ULA promptly, but in no event later than sixty (60) days from the effective date of the termination, unless otherwise authorized in writing by the Procurement Representative. In no event shall the amount of any settlement be in excess of the Contract value.

ULA's right to terminate this Contract under subdivisions (b)(i), (b)(ii) and (b)(iv) above may be exercised if the CONTRACTOR does not cure such failure within ten (10) days (or more if authorized in writing by the Procurement Representative) after receipt of notice from ULA specifying the failure. ULA's right to terminate the Contract under subdivision (b)(iii) or (b)(v) is not subject to cure. Any Notice of termination pursuant to subdivision (b)(iii) or (b)(v) is effective upon receipt by CONTRACTOR. (e) If, after notice of termination of the CONTRACTOR's right to proceed under the provisions of this clause, it is determined for any reason that the CONTRACTOR was not in default under the provisions of this clause, or that the delay was excusable under the provisions of this clause, the rights and obligations of the Parties shall be the same as if the notice of termination had been issued pursuant to the clause entitled "Termination for Convenience".

(f) Following a termination for default of this Contract, CONTRACTOR shall be compensated only for Work actually completed. In addition, ULA may require the CONTRACTOR to transfer title and deliver to ULA any (1) completed supplies, and (2) partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights that the CONTRACTOR has specifically produced or acquired for the terminated portion of this Contract. Upon direction of ULA, the CONTRACTOR shall also protect and preserve property in its possession in which ULA or ULA's Customer has an interest. Payment for such items and for the protection and preservation of property shall be at a reasonable price determined by both parties after engaging in good faith negotiation, except that CONTRACTOR shall not be entitled to profit on such supplies or property protection activities. ULA may withhold from any amount due under this

(b) ULA's approval of the CONTRACTOR's design or material shall not relieve the CONTRACTOR of any warranties or of any other requirements of this Contract; nor shall waiver by ULA of any drawings or specification requirements for one or more articles constitute a waiver of such requirements for the remaining articles to be delivered under this Contract unless so stated by ULA in writing. The provisions of this clause shall not limit or affect the rights of ULA under the clause entitled "Inspection, Tests, and Acceptance".

(c) The rights and remedies of ULA in this Contract are cumulative and in addition to any other rights and remedies provided by law or in equity.
